Date: October 26, 2015

From: Rich Blacker, Board Liaison Officer

To: FAIRA Member District

**SUBJECT: Emergency Vehicle Driver Training Course**

Dear Chief:

FAIRA has arranged with your insurance carrier to make an "Emergency Vehicle Driver Training" course available to your Training Officer and other appropriate staff **free of charge**. *You will be responsible for your representative's out of pocket expenses, lodging and travel.* This course is offered as a "Train the Trainer" program *and* offered in Northern and Southern California at the venues noted on the attached flyer.

Vehicle Liability and Physical Damage incidents have resulted in Millions of Dollars of losses for our members and the payout for every accident has a direct correlation to the amount that we are charged each year for our insurance premiums. With vehicle liability being our second largest claim's expense, this program and your District's participation is vital to FAIRA in maintaining the low rates you presently enjoy.

I encourage you to send all appropriate staff to one of the training courses being held.

Yours in Fire Safety,

Rich Blacker

Invites you to attend the following Emergency Service Training Program

# Emergency Vehicle Driver Training Instructor Level in California

(2 locations to choose from)

This course is designed to teach the instructional methodology to potential and existing instructors needed to deliver the following program. The operator of emergency vehicles in today's society carries a heavy responsibility. The penalty for not adequately training your operators also carries legal consequences. Emergency vehicle operators and the entities they represent have been held both criminally and civilly responsible for their actions. This program was developed to teach the emergency vehicle operator (EVO) proper driving technique, the mental as well as the physical aspects of the driving task. The program points out the long-term impact of an accident involving an emergency vehicle on the operator, the emergency service organization and the community in which they serve.
